

Technical Datasheet

Product Number:	3010010
Product Name:	ELMA [®]
Product Description:	Hydrolyzed elastin, methacrylated, lyophilized
Origin:	Porcine
CAS Number:	N.N.
Storage Temperature:	2°C - 8°C
Storage Conditions:	Dry, protected from light
Shelf life:	6 month after date of production

Product Specifications

TEST	SPECIFICATION
Appearance (color)	Off-white to Yellowish to Yellow
Appearance (form)	Powder
Solubility (Color)	Yellow solution
Solubility (Turbidity) 20 mg/mL in PBS, pH 7.5, 22°C	Turbid
pH	7 - 8
Degree of modification (primary amines)	60% - 85%
